## Direct Secure Email Address

Do you have a direct secure email address through your EMR? The OPNS Informatics Team has collected and generated the OPNS Direct Address report to be given to all physicians.

Having a direct address and sending clinical summaries direct to direct is one of the ACI measures in MIPS.

## Physician Direct Focus Attribution

OPNS is in the process of enhancing the attribution model within the registry. We greatly appreciate your feedback. Please continue to send real patient examples to the OPNS Informatics Team to get these issues resolved.

**\*\* Please Fax record to 248-682-6044 with attention OPNS Informatics to ensure HIPAA compliance.**
