Heads Up!

For the year of 2018 rigorous utilization requirements will be in effect for ADTs and Unmet Measures. Your incentives will depend on your access rate. This is critical to improve patient care and your quality metrics.

DPRO: PCMH 2017 update modules need to be completed to regain your 100% score. 2018 updates will be posted in the beginning of 2018.

eConsults consist of a process from START to FINISH for both PCPs and Specialists!
Performance will be measured in 2018 by percent of completion, so please, finish your eConsults!

Workflows for PCPs and Specialists have been posted to the OPNS website and are available on November's Informatics Digest.
