

OPNS Mission

OPNS strives to be the premier integrated health care delivery system in Southeast Michigan, recognized by our patients, physicians, providers, and payors as providing the highest value in care and services.

OPNS Informatics

The OPNS Informatics team is providing you with the tools.

We're also here to help.

Let's use the tools to build our Patient Centered Medical Home and create our Patient Centered Medical Home Neighborhood.

Health Focus is now Physician Direct Focus (PD Focus)

You may have noticed already that the OPNS registry, Health Focus, has been renamed to **Physician Direct Focus**. The name change reflects the ownership of OPNS for this specific instance of the registry.

The registry has the exact same features and functionalities.

We are working diligently on improvements to our registry at all times and appreciate your feedback in making this system more user friendly.

Do you have a log in for Physician Direct Focus? **(Logins for Health Focus will still work for Physician Direct Focus)**

OPNS has been utilizing a web-based registry, Physician Direct Focus, for a multitude of benefits.

- Daily Admit, Discharge, and Transfer reports
- Monthly Unmet Measure Reports
- CCDs from interfaced EMRs
- Discharge Summaries from MiHIN
- The all new eConsult tool
- St. Joe's Prism Scores and ER Risk Scores
- St. Joe's Clinical records
- Professional, Pharmacy, and Facility Claims data

Contact the OPNS Informatics team for access!

Admit, Discharge, and Transfer Report - OPNS

EM: Emergency Medicine Discharge
IP: Inpatient Discharge

Current IP: Current Inpatient

Access is rigorously monitored for 2018 Informatics Incentive. Monthly reports are being generated and sent to office managers to track progress.

Unmet Measure Reports are monitored for access within 30 days.

ADT Reports are monitored for access within 7 days.

Please notify the informatics team at OPNS if you need any additional help.

ADTs Directly from MiHIN

Our enhanced process includes real time data directly from the state of Michigan. Continuous improvements are being incorporated and we appreciate your feedback.

ADT Oddities

You may have noticed that some patients are appearing on multiple ADT Reports. That is due to hospital generated discharge information to MiHIN. Real patient examples are being sent to those hospitals to improve this process.

PRISM Scores Anyone?

Stay tuned for new PRISM Score Reports coming to Physician Direct Focus soon!

The Next Big Thing... Discharge Summaries from MiHIN

Discharge summaries are being published to the warehouse tab in Physician Direct Focus. These reports are useful to complete medication reconciliation for your transition of care patients.
