Enhanced Daily ADT Reports

OPNS has redesigned our daily ADT Report to include more details for each episode. Episodes for a single patient will now be grouped together for easier patient tracking.

The attending physician is now listed in the episode detail, for MiHIN episodes this physician name may appear in blue, these are links to show the details for that physician. Episode details are now including every change happening to a patient while at the hospital. PRISM scores and ED Risk Scores are now listed with the date attached.

We are happy to hear your feedback.

OPNS Unmet Measure Reports

OPNS Unmet Measure Reports are now publishing monthly. Keep an eye on the notifications tab on Physician Direct Focus so that you know when they are published!

OPNS CQ Scorecards

OPNS CQ Scorecards will now be published on the first weekday of each month. Please put this on your calendar to pick up your CQ Scorecards monthly!

These Scorecards now include BCBS, BCN, HAP, Meridian, and Priority!
